EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The title has been changed to:

-- Liquid crystal display apparatus having superimposed portion of common signal electrode, data signal wiring and scanning wiring via insulator--.

Allowable Subject Matter

2. Claims 1-21 and 23-40 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior arts of record do not anticipate or render obvious to one skilled in the art an in-plane switching type liquid crystal display apparatus comprising various elements as claimed, more specifically the common signal electrode, at least one of the data signal wiring and the scanning signal wiring partially superimposed onto each other via an interlayer insulating film, the superimposed part forms a capacity, at least one of insulating films included in the interlayer insulating film is selectively formed at least on a part of a region on the pixel electrode at least in the superimposed part of the common signal electrode and the at least one of the data signal wiring and the scanning signal wiring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
